LETTER OF RECOMMENDATION

I am writing to you in support of Mr. GUDIPUDI PRAVEEN KUMAR and his desire to attend your university for the master's program. Though many students ask this request on their behalf, I only recommend students whom I feel are well-suited program of their choice. He is one of those students and therefore, I highly recommend that he be given the opportunity to attend your university. He has consistently shown such a strong desire to learn that I simply could not turn down his request for recommendation.

I was able to gauge his innate abilities to understand the basic concepts and apply them to tackle the problems associated with it. He is an attentive student in the class. Being a Mechanical Engineering student, He is highly motivated, eager for knowledge and on look out to learn something new his learning interest is revealed by his involve latest technologies.

I feel that his diligence and pragmatic analysis represent his competency towards research. Hence, I strongly recommend him to be considered as the potential candidate for admission to the master's program in your esteemed university. I believe he can meet the high stand set by your college and wish him the very best in all future endeavours.

With warm regards
